LIVER TROUBLES

"I find Theford's Black-Draught a good medicine for liver disease. It cured my son after he had spent \$100 with doctors. It is the medicine I take." - MRS. CAROLINE MARTIN, Parkersburg, W. Va.

If your liver does not act regularly go to your druggist and secure a package of Theford's Black-Draught and take a dose tonight. This great family medicine frees the constipated bowels, stirs up the torpid liver and causes a healthy secretion of bile.

Theford's Black-Draught will cleanse the bowels of impurities and strengthen the kidneys. A torpid liver invites colds, biliousness, chills and fever and all manner of sickness and contagion. Weak kidneys result in Bright's disease which claims as many victims as consumption. A 25-cent package of Theford's Black-Draught should always be kept in the house.

"I used Theford's Black-Draught for liver and kidney complaints and found nothing to excel it." - WILLIAM COFFMAN, Marblehead, Ill.

HON. HENRY G. DAVIS.

Ex-Senator Henry G. Davis, of West Virginia, who was chosen as democrat to nominee for vice president, is an octogenarian, but so active has been his life, much of it is spent in the open air, that he has the appearance of a man who is approaching the allotted span of three score and ten. He was born on a farm near Baltimore on November 18, 1823, and early lost his father, who left no fortune. Before he was 15 years of age young Davis was thrown absolutely upon his own resources, without a dollar to give him a lift. Before reaching his majority he was made superintendent of a small Virginia plantation, and there he began to develop the rare executive talent which afterward made him noted.

Later he became a freight brakeman on the Baltimore & Ohio railroad, and there he got his start. He saved money and when he saw an opportunity to buy 18,000 acres of land at a few cents an acre he took it over. These lands are now among the richest coal producing properties in the United States. Mr. Davis is a large stockholder in and a director of the railroad on which he was a brakeman, and is president of another road, which he practically owns. This is the West Virginia Central, and while it was being built he superintended the entire work, so that the workmen said he knew every nail that was used.

Mr. Davis is many times a millionaire, but is personally modest and unostentatious. His home is at Elkins, W. Va., where his son-in-law, Stephen B. Elkins, a republican United States Senator, lives.

Mr. Davis himself served in the Senate from 1871 to 1883, and might have had a re-election, but he declined it. His first entrance in politics was a member of the Virginia house of delegates in ante-bellum times, before there was any State of West Virginia. He afterward served two terms in the State Senate.

NOT A PATENT MEDICINE.

Hyomel, the Guaranteed Catarrh Cure, Prescribed by Physicians.

No one should confound Hyomel with patent medicines that are advertised to cure catarrh. It is as far superior to them all as the diamond is more valuable than cheap glass. Their composition is secret, but Hyomel gives its formula to all reputable physicians.

Is it not foolish to try and cure catarrh by swallowing tablets or liquids? The only natural way to cure this disease and all other diseases of the respiratory organs is to breathe Hyomel.

This treatment has been so successful, curing 99 per cent. of all who have used it, that Hyomel is now sold by Penny under an absolute guarantee to refund the money if it does not cure. You run no risk whatever in buying Hyomel. If it did not possess unusual powers to cure, it could not be sold upon this plan.

To The Voters of the Fifth Appellate Court District of Kentucky.

I am a candidate for Judge of the Court of Appeals from this district, subject to the action of the democratic party. As circuit judge, it became my duty to try a number of criminal cases, which have become a part of the State's history and at a most critical time. As judge of the State fiscal court, it fell to my lot to construe the Statutes adopted, to put in force the provisions of the new constitution, as well as to construe the present constitution whenever a controversy arose as to its proper construction. Almost innumerable cases have burdened the dockets of my court, touching the rights of corporations and the exercise of franchises under the law. How well I have discharged my duties under such trying circumstances, is left to you to determine.

I will be very grateful to all who feel they can assist me to secure the high position and office to which I aspire. Very respectfully,
JAMES E. CANTRILL.

Safeguard the Children.

Notwithstanding all that is done by boards of health and charitably inclined persons, the death rate among small children is very high during the hot weather of summer months in the large cities. There is not probably one case of bowel complaint in a hundred however, that could not be cured by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. Mr. Frank Riggs, of Franklinville, N. Y., in speaking of this remedy said: "I have found it expedient to have a supply of Chamberlain's Colic, Cholera and Diarrhoea Remedy on hand. It has been a family safeguard and while especially beneficial to children, it is equally good in adult cases. I recommend it cheerfully and without reservation." For sale by all druggists.

Ex-Senator Henry G. Davis, owes his nomination to several causes. He is a sound money man, a man of great wealth and an employer. It was felt that in him were centered all necessary attributes. It is believed because of his relationship and his close affiliation with Senator Nathan B. Scott, he will carry West Virginia, for Democracy. Senator Davis is also the father-in-law of Senator Elkins.

Hugh Tom Miller and wife, of Barboursville, have small-pox.
